Heritage Brushes

Heritage brushes are made with a blend of DuPont® nylon/polyester filaments and feature a medium flex. Our chisel trim design allows for precise cutting-in and edging while providing excellent paint pick-up and release. High quality nylon and polyester DuPont® filaments are uniquely processed to perform with resilience and enduring precision, resulting in a non-streak finish.

- ◆ Precise edging
- ◆ Superior control
- ◆ Maintains stiffness and shape
- ◆ Exceptional brush responsiveness
- ◆ Long-lasting

EZLock Frame

EZLock™ is a highly durable roller frame designed for the professional painter. The roller frame prevents roller slippage with its metal retaining spring. Nylon bearings allow for a smooth, squeak-free rolling experience and the metal spring makes it easy to attach and remove the roller cover. The EZLock™ features a 5/16" thick metal shank, a comfortable ergonomic grip and an overall construction that is built to last!

- ◆ No-Slip and Quick-Release System
- ◆ Metal Spring Holds Roller Securely in Place
- ◆ Professional Durability
- ◆ No squeaking
- ◆ Threaded handle
